of activities at the Hayatabad CoE, young men and women can come forward and learn innovative skills.

At the occasion, Sven Ruesch from EU Delegation to Pakistan appreciated all stakeholders involved in finalising this Hayatabad CoE with commitment. "We hope that the KP TEVTA management will take advantage of the upgraded training facilities for both TVET teachers and trainees and devise mechanisms to ensure this CoE lives up to its full potential. The EU calls upon the government and the private sector to ensure sustainability of our joint efforts and achievements in this regard," he said.
