	To meet this standard you are required to complete the following tasks within six hours timeframe:
Guidance for Candidate	 Assessment Task 1: Develop pattern according to the spec sheet / sample. Assessment Task 2: Cut the fabric according to the developed pattern Assessment Task 3: Sew the garment Assessment Task 4: Perform finishing of the garment Assessment Task 5: Perform Packing
	And complete:
	 Knowledge assessment test (Written) Portfolios at the time of assessment
	During a practical assessment, under observation by an assessor, you will complete:
	Assessment Task 1: Develop pattern according to the spec sheet / sample.
	Performance criteria 1: Arrange tools for pattern development
	Performance criteria 2: Develop pattern according to the medium size with all
	allowances e.g. shrinkage %age, Ease, Seam, notches as per design.
	Assessment Task 2: Cut the fabric according to the developed pattern Performance criteria 1: Arrange tools for cutting the fabric
	Performance criteria 2: Place pattern on the fabric according to its grain line
	Performance criteria 3: Cut the fabric as per pattern
	Assessment Task 3: Sew the garment
Minimum	Performance criteria 1: Arrange tools and equipment used for stitching Performance criteria 2: Arrange and sort the parts as per standard.
Evidence Required	Performance criteria 3: Sew garment by using all necessary machines.
Required	Assessment Task 4: Perform finishing of the garment
	Performance criteria 1:Remove uncut threads by using cropping techniques
	Performance criteria 2: Apply clockwise inspection for checking as per quality standards
	Performance criteria 3: Identify and remove the stitching defects
	Performance criteria 4: Press the garment as per requirement.
	Performance criteria 5: Check the size of the garment according to the
	measurements. Assessment Task 5: Perform Packing of Finished Garment
	Performance criteria 1: Attach tags, price ticket, stickers on final garment
	Performance criteria 2: Fold the finished garment according to requirement.
	Performance criteria 2: Pack the finished garment in poly bag according to
	requirement.

Portfolios required at the time of assessment (if any) for
Performance criteria 1 for the evaluation of portfolio: Diary log of practical work for pattern development.
Performance criteria 2 for the evaluation of portfolio: Diary log of practical work for the fabric cutting according to developed pattern.
Performance criteria 3 for the evaluation of portfolio: Diary log of practical work for garment stitched by using different machines.
Performance criteria 4 for the evaluation of portfolio: Diary log of practical
work for finished garment.
Performance criteria 5 for the evaluation of portfolio: Diary log of practical work for packed garment.

Guidance for Candidate	 To meet this standard, you are required to complete the following within the given time frame (for practical demonstration & assessment): 6. Assessment Task 1: Interpret order sheet specified by your assessor correctly. 7. Assessment Task 2: Make garment pattern for prototype specified by your assessor correctly using appropriate method. 8. Assessment Task 3: Perform fabric cutting to make prototype specified by your assessor correctly using suitable cutting method. 9. Assessment Task 4: Perform stitching on fabric specified by your assessor correctly using different types of stitching machines. 10. Assessment Task 5: Perform finishing on prototype product specified by your assessor correctly to meet buyers' specifications 11. Assessment Task 6: Obtain prototype approval from supervisor for start of production specified by your assessor correctly. And complete: 12. Knowledge assessment test (Written) 13. Portfolios at the time of assessment
	During a practical assessment, under observation by an assessor, you will complete:
	Assessment Task 1
	Performance Criteria 1: Evaluate spec sheet for sample making. Performance Criteria 2: Arrange fabric, trims and accessories as per spec sheet.
Minimum	Assessment Task 2
Evidence	Performance Criteria 1: Collect size set details from spec sheet.
Required	Performance Criteria 2: Develop pattern according to the spec sheet Performance Criteria 3: Control the measurement and the matching of the pattern pieces
	Performance Criteria 4: Develop the cutting pattern including all allowances e.g. shrinkage %age, seam as per product sketch, notches and drills
	Performance Criteria 5: Add nomenclature (pattern piece name, size, model name, grain line and cut information.

Asses	ssment Task 3
	Performance Criteria 1: Apply Personal Protective Equipment (PPEs) as per job requirement.
	Performance Criteria 2: Identify and select fabric for prototype.
	Performance Criteria 3: Place pattern on fabric and mark as per
	requirement.
	Performance Criteria 4: Control placement of the pattern Performance Criteria 5: Cut fabric sample on marking for stitching including all notches and drills
Asses	ssment Task 4
	Performance Criteria 1: Prepare machine for sewing.
	Performance Criteria 2: Arrange material for product as per spec sheet.
	Performance Criteria 3: Select sewing needle and sewing thread according to the sewing operation and the fabric in use
	Performance Criteria 4: Sew product as per requirement.
	Performance Criteria 5: Check sewing result according to the requirement.
	Performance Criteria 6: Take corrective measure for faults occur
	during sewing if required.
Asses	sment Task 5
	Performance Criteria 1: Perform cropping, checking and pressing as per SOP.
	Performance Criteria 2: Perform folding and packing as per requirement.
	Performance Criteria 3: Prepare Quality Control (QC) report.
Asses	ssment Task 6
	Performance Criteria 1: Examine stitched sample as per spec sheet / standards.
	Performance Criteria 2: Review QC report for final approval.
