YOUTH SKILL DEVELOPMENT IN HUB

INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

OBJECTIVES

The project is implemented by Pak-German Technical Training Centre in Hub, Lasbella. The primary aim of the Project promoted by the grant is provision and introduction workplace-based training in Balochistan. This overall objective is defined by the following benchmarks:

- Introduction of cooperative vocational training in Balochistan in selected trades;
- Strengthen the engagement of private sector organization in Balochistan TVET sector, thereby active participation and contribution of the partnering enterprises is prioritized from inception to the closure of the project;
- Provision of demand-driven skills to 160 men, in collaboration with the partnering enterprises, explore and facilitate them with the employment (self-employment included) opportunities;
