## INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

## Government College of Technology (Girls) Karimabad

### ROUND I

# Empowerment of Unprivileged Youth through Competency Based Training (CBT)

### OBJECTIVES

- Provision of demand-driven skills to 100 trainees (all women), in collaboration with the partnering enterprises
- Strengthen the engagement of private sector organization, thus the engagement of enterprises in training design, coordination and delivery is enhanced

### ROUND II

# Strengthening Female Youth through Skills

### OBJECTIVES

- To impart workplace-based training to 175 trainees (all women) jointly with the partnering enterprises using cooperative vocational training approach for demand driven trades
- To ensure competency-based training delivery and assessments in line with Sindh Sector Study
